Installation Certificate

This is to certify that Unimation Clinix 1.0, Network version has been successfully installed at Mahajan Imaging Centre, Hauz Khas Enclave, New Delhi.

The software successfully addresses the need of complete workflow automation for a multi-modality Diagnostic Centre. Security driven, user friendly interface can render a status of fully computerized infrastructure from day one. Registration, billing/cash counter, reporting, management reports are handled through integrated software modules.

Infometry Solution Pvt Ltd has demonstrated unmatched implementation skills and capability to customize the changes. We endorse their software without reservation for any size of Diagnostic Centre seeking center management software systems.

For Mahajan Imaging Centre
