Re: PACS

Dear Mr. Nene,
Thanks for the delivery of Ist phase of ECG Integration on schedule.
Now, we are considering your proposal for Radiology PACS and its integration with report module.
As on date, you enjoy competitive edge of having in-house capabilities, however, we are evaluating you in the perspective of local presence and commercials.
Please ensure availability of resource from your end on finalization of commercials so as to ensure on time delivery of the proposed project.
